

DESCRIPTION:

The Gecko Mug Press Machine is a favorite amongst users. The simplicity and functionality of its design makes for a brief learning curve. The GK900 includes two interchangeable heating elements; allowing use with a wide range of mug sizes and diameters. The built-in digital temperature / time control gauge allows for precision and accuracy throughout operation. The temperature is adjustable up to 435° Fahrenheit with a timer having an adjustable range between 0 and 999 seconds. The GK900 is perfect for those looking to expand their business, or simply just wanting a new hobby. The machine is recommended for low to medium level production. All Gecko heat transfer machines are CE certified and come with a limited warranty and parts replacement coverage.

We ship to Lower 48 US ONLY. We will only ship to street addresses. Please no PO Boxes. You will receive your tracking information within 48 business hours of your purchase.

RETURN POLICY:

At Gecko, we strive to provide our customers with high quality products, prompt shipping, fast responses to comments and questions, and excellent customer service. If you are not satisfied with your purchase, you can return your product for a refund. All returns must be authorized before taking action and made within 30 days of the delivery date. Items are required to be returned in their original packaging; including all interior packing materials, accessories, user manuals, and other documentation. Your refund will be issued promptly once the item is received back at our returns location. Customers are responsible for return shipping. We reserve the right to refuse returns on items that are used or damaged and to evaluate product return conditions.

If your item is received defective or damaged, please contact us immediately to report the problem. If damaged in transit, we will file a damage report with the shipping company and follow all procedures to have the issue resolved as quickly as possible. We may request that damages/defects be documented through photographs and/or detailed description. If a replacement is needed for defective merchandise it will be sent via ground shipment at our expense. Please note that we are not obligated to expedite shipping on replacement items. All returns must be shipped directly to the address indicated. We will not be held liable for items that are shipped incorrectly.
